

Lesson 4: Loading Your Data

<https://www.youtube.com/watch?v=MHcGdQeYCMg>

The data for this lesson is available as a comma separated value (CSV) file at

<https://raw.githubusercontent.com/wfdoran/Orange/master/data/lesson4.csv>

In the File widget, select URL, cut and paste this url, and hit enter.

Exercise: In the File widget, try loading each of the other included datasets and look at the column descriptions.

Exercise: What is the difference between class, feature, and meta roles?

Exercise: What is the difference between categorical, numeric, and text (or string) data?
