

Lesson 3: Widgets and Channels

<https://www.youtube.com/watch?v=2xS6QjnG714>

Exercise: Be sure to try all four methods for adding widgets.

- A) Left-click on widget in left panel.
- B) Left-click and drag to canvas.
- C) Right-click on canvas.
- D) Left-click on output of an existing widget and drag a channel.

Exercise: In Data Table widget, sort on one of the variables and select the smallest or largest entries. Look at how the output from the Scatter Plot does.

Exercise: Play with the Box Plot widget. What does it do?
